The diagram illustrates a system architecture divided into three main horizontal sections: Client Side (top), Server Side (middle), and another Client Side (bottom). Handwritten annotations include 210, 220, 214, and 212.

Client Side (Top):

- 210** (handwritten) points to the top section.
- Internet** (228) and **Consumer Electronics** (230) are at the top.
- 224** (handwritten) points to the **Live Input** box, which contains: Camera, Microphone, Keyboard, Mouse.
- 226** (handwritten) points to the **Stored Media** box, which contains: Video, Audio, Still images, 3D Models.
- 222** (handwritten) points to the **Creator Studio** box.
- 218** (handwritten) points to **Personal Communicator 1**.
- 216** (handwritten) points to the **WWW Browser**.
- 214** (handwritten) is near the **Creator Studio**.

Server Side (Middle):

- 212** (handwritten) is near the **WWW Server**.
- Communication Services** (236) and **Message Hosting** (234) are on the left.
- WWW Server** (232) is on the right.

Client Side (Bottom):

- Personal Communicator 2** and **Personal Communicator 3** (dashed box) are at the bottom.
- A vertical ellipsis (three dots) is below **Personal Communicator 3**.
- Client Side** is labeled at the bottom right.

Connections:

- Internet** (228) and **Consumer Electronics** (230) connect to **Stored Media** (226).
- Live Input** (224) connects to **Stored Media** (226) and **Creator Studio** (222).
- Stored Media** (226) and **Creator Studio** (222) are connected by a bidirectional arrow.
- Live Input** (224) connects to **Personal Communicator 1** (218).
- Stored Media** (226) connects to **Personal Communicator 1** (218).
- Creator Studio** (222) connects to **Personal Communicator 1** (218).
- WWW Browser** (216) connects to **Personal Communicator 1** (218).
- Personal Communicator 1** (218) connects to **Communication Services** (236), **Message Hosting** (234), and **WWW Server** (232).
- Communication Services** (236) and **Message Hosting** (234) are connected by a bidirectional arrow.
- WWW Server** (232) connects to **WWW Browser** (216).
- Personal Communicator 1** (218) connects to **Personal Communicator 2** and **Personal Communicator 3** (dashed box).
- Personal Communicator 2** connects to **Personal Communicator 3** (dashed box).
- Dashed lines connect **Personal Communicator 2** and **Personal Communicator 3** to **Communication Services** (236), **Message Hosting** (234), and **WWW Server** (232).
